

Faith Lutheran Church Photo and Video Privacy Policy

Congregational Privacy Policy

Within the publications of Faith Lutheran Church (FLC) there are three groups of individuals who are listed or referred to at various times during the year: pastor/staff, adult members, and youth (17 years of age and younger).

1. For pastors/staff, FLC may list names, email addresses, and office phone numbers.
2. For adult members, FLC may list names when they are a contact for a group or activity that we are featuring. Email addresses and/or phone numbers are listed if the person in question has specifically given permission. It is assumed that FLC members have the church directory*.
3. For youth and children, FLC will not list names, first or last, in any publication except those which are used within the confines of FLC worship and education. FLC does not list addresses, email addresses or phone numbers with the names of the youth. Youth are listed in the FLC directory with their family unit.*

* Please see the FLC directory for policy regarding its use by FLC members.

The Use of Photos and Videos

The worship service and other church-related activities may be photographed or visually recorded to be used in church communication or publicity. When using photos or video of FLC events, attendees or members for our website, facebook page, or photo/video albums - FLC uses the following guidelines:

- FLC will not knowingly publish anything that would be embarrassing, objectionable or hurtful to anyone in a picture or video.
- FLC does not put names as captions with photos or videos. Exception is made for paid staff or other adult members who have given written consent.
